

ANNOUNCEMENT

Darryl G. Ford, P.Eng

The Consulting Engineers of New Brunswick are pleased to announce that Darryl G. Ford, P.Eng. will serve as President for the 2005-2006 year. Mr. Ford is a graduate of the University of New Brunswick (B.Sc. Mechanical Engineering 1988) Fredericton, NB and is a Registered Professional Engineer in New Brunswick, Nova Scotia, Prince Edward Island and the State of Maine. He has more than 16 years experience in the field of engineering and consulting for the construction industry. Mr. Ford is currently employed at Fundy Engineering & Consulting Ltd. where he holds the positions of Partner, Project Co-coordinator, and Senior Mechanical Engineer.

CENB was founded in 1982 and currently has over 30 member firms representing more the 700 employees throughout New Brunswick. Through its membership CENB has the responsibility to preserve the high standards associated with our chosen profession. Our focus on protecting the public interest must be maintained to ensure that engineering in New Brunswick is not only competently, but also ethically practiced.

In the upcoming years there will be many large-scale projects and interesting challenges in this province to be faced by our membership. CENB Directors and members firms must work hard and remain focused to promote the importance of New Brunswick engineering input and expertise on NB Projects and beyond our borders. To learn more about CENB and its membership please see additional information at our website: www.cenb.nb.ca.
